

Nikola Zovko

Frontend Developer | React | Node.js | MERN STACK Developer

+46 707 250 883 • nikolajoe95@gmail.com • Stockholm

Professional Summary

Frontend developer with 2+ years of experience building production web applications in React . Actively integrates AI tools (Claude, ChatGPT, Gemini) into the daily development workflow to accelerate code generation, debugging, documentation, and code reviews. Experienced in building component libraries, REST API integrations, real-time features with Socket.io, and full-stack development with the MERN stack. Self-driven, collaborative, and passionate about using emerging technology to ship better products faster.

AI Tools & Workflow Integration

Actively uses AI tools as part of the everyday development process:

- Claude (Anthropic) — code generation, architectural reasoning, writing and reviewing technical documentation
- ChatGPT (OpenAI) — rapid prototyping, debugging assistance, exploring implementation approaches and trade-offs
- Gemini (Google) — code suggestions, multimodal tasks, and cross-referencing solutions across AI models
- GitHub Copilot — in-editor AI pair programming for faster code completion and boilerplate generation
- Prompt engineering — crafts precise, context-rich prompts to get reliable, production-ready output from AI models
- AI-assisted code reviews — uses AI to catch edge cases, improve naming, and suggest refactoring before human review

Technical Skills

Frontend: React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Redux, Socket.io

Frameworks & Tools: Node.js, Express.js, Laravel, REST API, JWT, MongoDB, MySQL

Testing & CI/CD: Jest, Vitest, Nightwatch.js (E2E), GitHub Actions, Vercel, Travis CI

Design & UX: Figma, Design systems, Component libraries, Storybook (CSF), WCAG 2.2

AI Tools: Claude, ChatGPT, Gemini, GitHub Copilot, prompt engineering

Other: Git (advanced), Agile/Scrum, code reviews, technical documentation

Work Experience

Frontend Developer

2024 – Present

Wacoco AB

- Build and maintain production React applications with a focus on scalable component architecture and code quality
- Integrate AI tools (Claude, ChatGPT, Gemini) daily — accelerating feature development, documentation generation, and pre-review code analysis
- Use GitHub Copilot for in-editor pair programming, reducing boilerplate time and catching issues earlier in the workflow

- Implement REST API integrations, real-time features with Socket.io, and state management with Redux
- Style interfaces with Tailwind CSS; ensure WCAG 2.2 accessibility compliance across all deliverables
- Set up and maintain CI/CD pipelines with GitHub Actions and Vercel; participate actively in code reviews
- Worked in agile sprints with close collaboration between frontend, backend, and product stakeholders

Frontend Developer

2023 – 2024

Gardeco Affärssystem

- Built a full point-of-sale (POS) platform from scratch using React and Node.js (MERN stack)
- Leveraged ChatGPT and Claude throughout the project for API design decisions, debugging complex state issues, and generating technical documentation
- Designed and implemented REST API architecture, JWT authentication, and real-time data flows with Socket.io
- Wrote unit and integration tests with Jest; managed full project lifecycle independently from architecture to deployment

VVS-Montör & Snickare

2015 – 2020

VVS-Kraft / Nacka Riv och Sanering

- Hands-on technical work requiring precision, problem-solving, and reliable teamwork

Sales Associate

2013 – 2015

Konzum, Bosnia and Herzegovina

- Customer service, cash handling, and stock management in a fast-paced retail environment

Education

Frontend Developer – Higher Vocational Education (YH, 2 years)

2022 – 2024

Jensen Yrkeshögskola, Stockholm

- React, TypeScript, JavaScript, Node.js, REST APIs, databases, testing, and agile development
- Graduation project: full-stack POS system with React, TypeScript, Node.js, REST API, and Jest test suite

High Scholl

2010 – 2013

SMS Gymnasium, Bosnia and Herzegovina

Languages

English (Fluent, written & spoken) • **Swedish** (Fluent, written & spoken) • **Croatian** (Native)
